(54) BAND KNIFE CASSETTE

(57)Abstract:

PROBLEM TO BE SOLVED: To enable a band knife of steel, which is bent into a curved blade, to be handled when it is held in a hollow case so that unskilled workers as well as skilled workers can be free from the danger of their cutting their hands or bodies with the sharp cutting edge in handling a band knife.

SOLUTION: A turn table 4 is provided inside a hollow case. A strap of band knife 1 wound in a coil is mounted on the turn table 4 and placed inside the hollow case. The leading end 11 of the band knife 1 is placed out of an opening part 21 provided in the hollow case and a movable cover 3 is placed over the opening part 21.
